

February 24, 1984

LB 13A, 994, 1071, 799

the Public Works Committee, advanced to General File. I have no amendments to the bill.

PRESIDENT: Chair recognizes Senator Schmit.

SENATOR SCHMIT: Mr. President and members of the Legislature, after the difficulty Senator Peterson just had, I don't know if we maybe shouldn't just recess. LB 1071 is a bill which just cleans up internal references, adds language. I'll give you an example. In the present statutes, we refer to the act. In this instance, we insert many times through the bill, the Nebraska Ground Water Management Act. That's basically what it does. It allows the Revisor of Statutes to clean up the statutes prior to the reissuance of a new volume of the statutes this year and it's strictly a housekeeping measure. I move for the adoption of the act and the advancement of the bill.

PRESIDENT: Is there discussion on LB 1071? Is there discussion? If not, all those in favor of advancing LB 1071, vote aye, opposed vote nay. Please record your vote on the advancement of LB 1071 as explained by Senator Schmit. Please record your vote on the advancement of LB 1071. May we have the assistance of a few more warm bodies to advance bills on consent file, please? Clerk will record the vote.

CLERK: 25 ayes, 0 nays, Mr. President, on the motion to advance the bill.

PRESIDENT: LB 1071 is advanced. Next is LB 799.

CLERK: Mr. President, if I may right before that, your Committee on Education to whom was referred Legislative Bill 994 instructs me to report the same back to the Legislature with the recommendation it be advanced to General File with the committee amendments attached. That is signed by Senator Vickers. (See pages 1111-1112 of the Legislative Journal.)

And, Mr. President, LB 13A is reported to Select File with the E & R amendments attached. (See page 1112 of the
